PREFACE

Thank you to the member libraries for their cooperation in the preparation of the 2018 Statistics. The statistics published in this document are compiled from the information provided in New York State Annual Reports completed by the member libraries in January. All of the data in this publication is available to the public, as the New York State Annual Reports are public documents. We hope the data and format are useful resources for preparing budgets, educating community members about their local library or as an aid in planning services and programs.

For the eighth consecutive year Ramapo Catskill Library System (RCLS) member libraries experienced a drop in circulation over the previous year. In 2018 circulation decreased by 269,462 items (5.67%) compared to 2017 (page 22.) However, in the same period total E-Content usage increased by 36.16% and only four libraries experienced increases of less than 15% (page 23.) In addition, we saw a total of 228,089 E-Content items retrieved, an increase of 4.82% over the previous year (page 24.)

More than half of the community members in the RCLS service area have a library card. Although circulation is down, people are attending programs at their local library in greater numbers than ever. Program attendance in 2018 was up by 10,612 people, an increase of 2.9%.

NOTE: The method used to calculate averages and mediums is based only on the data from libraries which report for these items. There are several categories in which not all libraries report data; for example (2.8) Uncataloged Books or (8.7) Branch Hours. For item (2.8) Uncataloged Books, only 24 libraries circulate uncataloged books and for item (8.7) Branch Hours, just four libraries have one or more branches. *The averages and mediums for these two items are based on the number of libraries reporting, not all libraries.*
